Information about Junior / Basic Obedience

The Junior or Basic courses are nine weeks long. During the course you will be shown how to teach your dog to walk nicely on a lead, to sit and lie down on command, to stay, and to come when called. Advice on general dog care and training will be given, as well as assistance with any particular problems you are having. Emphasis will be on socializing your dog with people and with other dogs as well as with obedience. Where possible, sessions will include free play (you are responsible for supervising your dog during play).

Any breed of dog, including crossbreeds, is eligible for training. They can start as soon as puppy vaccinations are complete, and older dogs are welcome too. If you have any concerns about the suitability of your dog for training, please contact us to discuss your situation.

For classes, wear comfortable clothes and flat shoes, and carry rain gear as we train whatever the weather! Your dog should have a plain collar or slip chain, and a webbing or leather lead at least one metre long (no chain leads, please). Carry plastic bags to clean up after your dog if necessary.

Please DO NOT bring your dog on the first night of Term.

Do remember to bring your dog's vaccination certificate, payment if you did not send a cheque or made payment by internet banking, and remember that dogs over three months of age must be registered with the local authority.

If you have any queries, please email tadtc@yahoo.co.nz.
